MITRE

April 9, 1982

JASONS, Guests, and Friends,

I am enclosing the preliminary agenda for the Spring meeting, April 23 and 24. As is traditional for all JASON meetings, the agenda will probably be rearranged, if for no other reason than to enliven everyone's life.

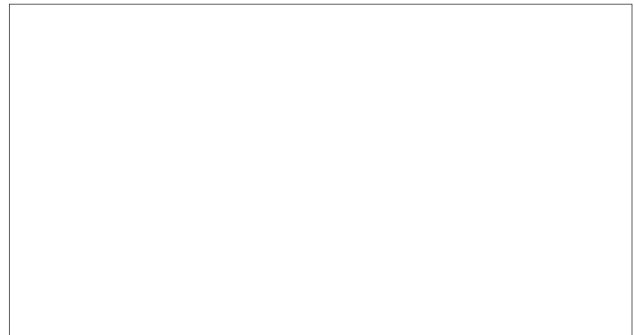

Another, updated, agenda will be sent on April 16th.

If you are interested in a specific discussion, please call a few days before the meeting to reaffirm the time of that briefing.
